## Compliance with Public Act 97-0609

### ▪ Amendment to Illinois Open Meetings Act

A recent amendment to the Open Meetings Act requires an employer who participates in the Illinois Municipal Retirement Fund ("IMRF") to post on its website, or at its principal office if it does not have a website, two (2) categories of employees: those employees with a total compensation package in excess of \$75,000 and those employees with a total compensation package equal to or greater than \$150,000. These changes were part of Public Act 97-0609.

The term "total compensation package" is defined in the Act to mean, "payment by the employer to the employee for salary, health insurance, a housing allowance, a vehicle allowance, a clothing allowance, bonuses, loans, vacation days granted, and sick days granted."

For employees who have a total compensation package in excess of \$75,000, the total compensation package must be posted within six (6) business days of approving a budget. Public Act 97-0609 also requires an employer to post on its website the total compensation package for each employee that is equal to or in excess of \$150,000 per year at least (6) days before approving the employee's total compensation package.

Data below is included and individually lined out for each employee of Macoupin County, including its Health and Highway Departments, that is considered to be above a \$75,000 or \$150,000 compensation package threshold.
